

Our motto is that no patient should leave our premises without treatment for lack of money :

Dr Chandu Sheth on Jalaram Medical Centre

By Javed Kana

You are referred to as the driving force behind the Jalaram Medical Centre. Please tell us about your passion for the medical centre?

It is important that this misconception is corrected immediately. The driving force behind the Jalaram Medical Services is the entire team - the trustees, management committee, the staff and our donors. This is a most challenging project with deep meaning and spirit underneath the surface. The spirit of helping the underprivileged with dignity and compassion. Our motto is that no patient should leave our premises without treatment for lack of money.

The JMC is currently undergoing a major refurbishment. What would the completed centre encompass? Please highlight some of the facilities people can look forward to?

Construction is underway for a modern medical centre which will provide outpatient medical care including all modern diagnostic facilities-radiology, laboratory et cetera. There are going to be various departments for cancer care, diabetes centre, Dialysis unit, general practice, ENT, Ophthalmology, Dermatology, Infectious diseases, Paediatrics, Well women's clinic, Pain management clinic, Diet and Nutrition clinic, Daycare operation theatres et cetera.

Kindly share with us your vision for the JMC.

We envision a unique medical centre which the patients see as an institution providing quality medical care with compassion, open to all without discrimination.

For years, the JMC has been serving the needs of the poor people through affordable medical care. How does the Centre sustain itself?

Sustainability of the Jalaram Medical Services is of course the most crucial part of the whole project. We strongly believe that if we are transparent, accountable and serve humanity from bottom of our hearts, we will be able to garner support beyond our wildest imagination. So far this is exactly what has happened. We have received donations from most unexpected sources whenever we are in desperate need. We bow down to our donors for their generosity, humility and faith in this important cause.

What are some of the challenges that you've faced thus far?

We still have a long way to go. Over the last few years, we have encountered numerous difficulties. Our concerns and desires may shift but not our focus. The role of the caring professions and institutions ought to be aiding the less fortunate of the society. We may not be able to offer a cure but we must not lack in our care and compassion. It depresses me how easily people ignore the lack of medical care for the less fortunate. Many may believe that this project is a fantasy but Godwilling we will succeed.

What kind of support are you looking for from people towards the development for JMC?

It is important to understand that this indeed is a unique undertaking. We do not question your financial status. Everyone is welcome. However, if you are affording,

please donate to the cause so that the needy can benefit. There are donation boxes at the medical centre and nothing is too little. This will go a long way in sustaining our services. Many of you are in a dilemma where to seek treatment for your domestic staff. This facility is ideal for this. Quality care at totally subsidised rates.

JALARAM MEDICAL SERVICES

JALARAM LABORATORY AND DIAGNOSTIC CENTRE WAS OPENED IN APRIL 2004 ON A RENTED LITTLE PLACE NEXT TO JALARAM TEMPLE. GRADUALLY AS IT GREW, THE MEDICAL CENTRE MOVED TO ITS OWN PREMISES IN 2006 ON 19 JALARAM ROAD. THE SERVICES OFFERED ARE ALL SUBSIDIZED RATES. OVER THE TIME WE PURCHASED ALL NEW MODERN FULLY AUTOMATED MACHINES AND TODAY WE DO ALL TESTS IN HOUSE. WE BELIEVE IN INTERNATIONAL QUALITY STANDARDS AND ACCURACY. IN 2012 WE REGISTERED AS JALARAM MEDICAL SERVICES AND WERE GIVEN A LICENCE TO RUN AS A FAITH BASED MEDICAL INSTITUTION. SINCE OUR MOTO IS SEVA, WE INTRODUCED SPECIALIST CLINICS AND CHEMOTHERAPY CENTRE TO PROVIDE MORE SERVICES FOR THE BENEFIT OF THOSE WHO CANNOT AFFORD AND SERVE MORE NON - AFFORDING CITIZENS. JMS HAD A VISION TO BUILD A MOST ULTRA MODERN MEDICAL CENTRE. TODAY, WITH THE BLESSINGS OF JALARAM BAPA, OUR DREAM HAS COME TRUE AND THE GROUD BREAKING FOUNDATION STONE WAS LAID IN OCTOBER 2016 FOR THE NEW PROPOSED MEDICAL CENTRE WHERE A LOT OF FACILITIES WILL BE OFFERED AT ABSOLUTELY SUBSIDIZED RATES.

FACILITIES OFFERED AT JALARAM MEDICAL SERVICES:

- » LABORATORY & DIAGNOSTICS
- » PHARMACY
